

Brief CV

Name	CHEHONGYAN	中文名	车洪艳	
Gender	female	Title (Pro./Dr.)	Dr.	
Position (President...)	Assistant of general manager	Country	China	
University/ Department	Powder division of Advanced materials & technology			
Personal Website	no			
Research Area	Powder metallurgy			
Brief introduction of your research experience:				
<p>My research work focus on fabrication of high quality powder by gas atomization and component by hot isostatic pressing. To the former , I pay more attention on the effects of inclusion content and type on powder properties and nondestructive testing method on inclusions smaller than 50 um; To the later, HIP(hot isostatic pressing) diffusion bonding and HIP-NNS are my main research areas.</p>
