

Brief CV

Name	Ahmad Zafir Romli	中文名		
Gender	Male	Title (Pro./Dr.)	Dr.	
Position (President...)	DEPUTY DIRECTOR	Country	Malaysia	
University/ Department	Universiti Teknologi MARA Malaysia (UiTM)/Center of Polymer Composites Research & Technology (PoCResT) Institute of Science (IOS),			
Personal Website				
Research Area	Polymer composite systems; polymer physical, mechanical and thermal testing; polymer processing; polymer blends.			
Brief introduction of your research experience:				
<p>Dr Zafir obtained his Diploma in Natural Rubber Processing from Malaysia Rubber Board on April 1998 and a year later received his Diploma in Rubber and Plastic Technology from Universiti Teknologi MARA (UiTM). In the year 2000, he then further his studies in the same university and obtains his first Degree (Hons.) in Polymer Technology. Soon after the graduation, in 2001 he pursues his Masters Degree in Polymer Technology which was obtained a year later from the Loughborough University, United Kingdom and join UiTM as an academician. He then obtained a scholarship from the university for his Doctor's of Philosophy (PhD) in which he completed on April 2012. In 2010, Dr. Zafir have set-up a Polymer Composites Research Laboratory (PoCRe Lab) which was upgraded to Center of Polymer Composites Research and Technology (PoCResT) in 2012 under the Institute of Science, UiTM where he was put in-charge as the head of centre until present. He enjoys doing research where by he authored/ co-authored more than 20 publications in refereed indexed journal and proceedings. He actively participates in the national and international innovation showcase and won medals in national and international level. He currently supervises/ co-supervises more than 10 postgraduate students from various faculties.</p>
