

Brief CV

Name	Kamal Neupane	中文名		
Gender	M	Title (Pro./Dr.)	Mr.	
Position (President...)	Researcher	Country	Australia	
WeChat				
University/ Department	School of Civil Engineering, The University of Sydney			
Personal Website				
Research Area	sustainable concrete, structural engineering			
Brief introduction of your research experience:				
I have worked in investigation of engineering properties of geopolymer binder as a sustainable alternative material to Portland cement. Currently I am doing research on application of geopolymer concrete in precast pre-stressed concrete structures.
