|--|---|----------------------------|--|---|
| Name | Fudhail Bin Abdul Munir | 中文名 | |  |
| Gender | Male | Title (Pro./Dr.) | Dr | |
| Position (President...) | Senior Lecturer | Country | Universiti Teknikal Malaysia Melaka | |
| University/ Department | Faculty of Mechanical Engineering, Universiti Teknikal Malaysia Melaka | | | |
| Personal Website | http://drfudhail.webnode.com | | | |
| Research Area | Micro power generation | | | |
| Brief introduction of your research experience: | | | | |
| <p>Obtained Doctor of Engineering (Dr Eng) from Yamaguchi University of Japan in 2016. My main research interest is micro power generation and computational fluid dynamics. Flame stabilization in micro combustor is my focus, which the fundamental issue is to address the heat losses inside the combustor.</p> | | | | |
