

## Brief CV

<b>Name</b>	Guo-Zhi Han	中文名	韩国志	PH 
<b>Gender</b>	Male	<b>Title</b> (Pro./Dr.)	Prof.D	
<b>Position</b> (President...)	Nanjing	<b>Country</b>	China	
<b>University/ Department</b>	Nanjing Tech University College of Chemistry and Molecular Engineering			
<b>Personal Website</b>				
<b>Research Area</b>	Nanometer Science and Synthetic Chemistry			

### Brief introduction of your research experience:

**Dr. Guo-Zhi Han** is a material Chemist who specializes in Nanometer Science and Synthetic Chemistry. He currently works as a associated professor in the College of Chemistry and Molecular Engineering, Nanjing Tech University. He received his Ph.D in the School of Biological Science and Medical Engineering, Southeast University in 2009 and worked as a post doctoral fellow in the School of Material Science and Engineering, Southeast University, China (2010–2013). Dr Han and his group have developed a number of novel strategies as major contributions in the field of sensor, catalysis and environmental remediation. His recent research also involves the material synthesis, chemical sensors and nanomaterials for catalysis. He has received several research projects and talent projects to support his research work. He has published 20 papers in SCI journals.
