

Brief CV

Name	Saman Abdanan Mehdizadeh	中文名		
Gender	Male	Title (Pro./Dr.)	Dr.	
Position (President...)	Faculty member, assistant professor	Country/ Region	Iran	
University/ Department	Agricultural Sciences and Natural Resources University of Khuzestan, Mechanics of Biosystems Engineering Department			
Personal Website	http://faculty.asnrukh.ac.ir/abdanan/fa			
Research Area	Mechatronics and Intelligent Systems in Agriculture			
Brief introduction of your research experience:				
<p>Serving as an assistant professor of Biosystems Engineering at Agricultural Sciences and Natural Resources University of Khuzestan I am passionate about investigating and developing technology that interacts with agri-food production. In 2008 I completed a MSc in Mechanics of Biosystems Engineering at Tarbiat Modares University, followed in 2013 by a PhD in Mechatronics and Intelligent Systems in Agriculture at Tarbiat Modares University and University of Southern Queensland. After that I began a career as an assistant professor at Agricultural Sciences and Natural Resources University of Khuzestan. Research output includes more than 90 papers in peer reviewed journals and conference proceedings.</p>
