

# 2017 International Conference on Green Composite Materials and Nanotechnology

## Call for Papers

**2017 International Conference on Green Composite Materials and Nanotechnology (GCMN 2017)** is to bring together innovative academics and industrial experts in the field of Green Composite Materials and Nanotechnology to a common forum. The primary goal of the conference is to promote research and developmental activities in Green Composite Materials and Nanotechnology and another goal is to promote scientific information interchange between researchers, developers, engineers, students, and practitioners working all around the world. The conference will be held every year to make it an ideal platform for people to share views and experiences in Green Composite Materials and Nanotechnology and related areas.

This AEIC Series Conference has been included as key conference by CNKI and ScienceNet which in the charge of Chinese Academy of Science.

	14:00-17:30	Oral Presentation
	18:00-19:30	Banquet
Dec. 31	9:00-18:00	Academic Investigation

## Sponsor

Academic Exchange Information Centre

## Organizing Committee

Dr. Wei Li, Changsha University of Science & Technology, China

Dr. Yu Li, State Key Laboratory of Advanced Metallurgy, China

Prof. Maw-Tien Lee, National Chiayi University, TW, China

Chunxiao Xie, Dongguan university of technology, China

Haoping Peng, Changzhou University, China

Qingquan Kong, Chengdu University, China

Yishi Su, Shanghai Jiao Tong University, China

Yuanfei Han, Shanghai Jiao Tong University, China

Vladimir Alekseevich Sokolov, Saint-Petersburg State  
Polytechnic University

Jinping Jia, Shanghai Jiao Tong University, China

George A . O' Doherty, Northeastern University, USA

Minsheng Huang, East China Normal University, China

Jingtao Han, University of Science & Technology Beijing, China

Qingdong Zhong, Shanghai University, China  
Jun Xu, Wuhan University of Technology, China  
Wenliang Chen, Nanjing University of Aeronautics & Astronautics, China  
Bing Liu, Chongqing University of Arts and Sciences, China  
Peiqing La, Lanzhou University of Technology, China  
Prof. Xijun Hu, Hong Kong University of Science and Technology, HK, China  
Dr. Rujie He, Beijing Institute of Technology, China  
Prof. Ran Huang, National Taiwan Ocean University, TW, China  
Prof. Qingshan Li, Yanshan University, China  
Prof. Xingwang Cheng, Beijing Institute of Technology, China  
Dr. WONG Wai Leong, Eugene, Newcastle University International Singapore (NUIS), Singapore  
Prof. Mohammad T. Shervani-Tabar, University of Tabriz, Iran  
Dr. Jingwei Zhao, Wollongong University, Australia  
Dr. Hungji Huang, Instrument Technology Research Center, TW , China  
Prof. Galina G. Kashevarova, Perm State National Research Polytechnic University, Russia  
Dr. Ling Xu, Inner Mongolia University for Nationalities, China
