

Brief CV

Name	Ana Maria Rodrigues	中文名		
Gender	F	Title (Pro./Dr.)	Dr.	
Position (President...)	Adjunct Professor at Porto Accounting and Business School, Polytechnic Institute of Porto	Country	Portugal	
University/Department	Porto Accounting and Business School, Polytechnic Institute of Porto			
Research Area	Routing Problems and Sectorization Problems			

Brief introduction of your research experience:

Researcher at:

- INESC TEC (Institute for Systems and Computer Engineering, Technology and Science <https://www.inesctec.pt/>) and
- CEOS.PP (Centre for Organisational and Social Studies of Polytechnic of Porto <https://www.iscap.ipp.pt/investigacao-1/centros/ceos/ceos>).

Special interest and work:

- Routes and Sectors related to Solid Waste Collection;
- Transportation of non-urgent patients from their residences to a hospital center and vice-versa;
- Transportation of leftover food products and meals in good conditions (hygienic and quality) from donors (restaurants, shopping areas,...) to communities with lower resources. Reducing waste and ecological footprint and helping people with economic difficulties are the main objectives of this study.
