

## **Brief CV**

Name	Gang Li	中文名	李刚	
Gender	Male	Title (Pro./Dr.)	Dr.	00
<b>Position</b> (President)	Assistant Professor	Country	USA	
University/ Department	Department of Mechanical Engineering, University of Maryland Baltimore County			
Personal Website	https://scholar.google.com/citations?user=_PR2PgEAAAAJ&hl=en			
Research Area	Gear Design; Gear Manufacturing; Dynamics; Nonlinear Control			

## Brief introduction of your research experience:

Dr. Gang Li is an assistant professor in the Department of Mechanical Engineering at the University of Maryland, Baltimore County, and the lead researcher of its Dynamic Systems and Vibrations Laboratory and Laser Vibrometry Laboratory. He has been AGMA and CGMA Fellows since 2016 and 2015, respectively, and is an Associate Editor of International Journal of Advanced Intelligent Manufacturing Technology and International Journal of Mechanical Engineering and Applications. His research spans the fields of gear design, gear manufacturing, dynamics, control, and tidal energy harvesting, and involves analytical development, numerical simulation, experimental validation, and industrial application. He has published 23 journal papers in these areas and has five CN patents.
